What are Medicare Savings Programs (MSP)?

MSP are programs that help people with Medicare save money each year. For people with limited income and resources, MSP pays some or all of your Medicare premiums. MSP may also pay your Medicare deductibles and co-insurance.

Should you apply for the MSP?

Yes. Even if your income or resources are above the limits, you could qualify for MSP.

If you are on a fixed income, MSP could save you money!

Will the State take your home and assets if you are in MSP?

No. The State will not take your home or assets

Will MSP help with my Part D prescription drug cost?

Yes. Your prescription co-pays will be lower. And you won't have a Part D coverage gap ("Doughnut Hole").

If you answer **"Yes" to all 3** of these questions, you should apply for MSP:

1. Do you have Medicare Part A (hospital insurance)?
2. Is your income at or below the income limits in this chart?

3. Are your **resources** at or below \$7,970 for one person or \$11,970 for a married couple?

Resources include money in checking and savings accounts, CDs, and stocks and bonds.

Do not count as resources the house you live in, household items, or your car.
