A Guide to Completing the KC-1500 Application
Introduction
Welcome to the KanCare Application Guide. This guide is made up of slides designed to help you with filling out the sections of the Elderly and Persons with Disabilities application.
There are two ways to apply. Applicants may use the paper application or apply online at kancare.ks.gov through the self-service portal. This slideshow series will focus on the paper application. The paper application can be found at www.kancare.ks.gov under the CONSUMERS tab, Apply for KanCare.

The online application is intuitive and changes depending on the data that is entered by each applicant; it will work for all the possible KanCare programs.

To learn more about how to use the Medical Consumer Self-Service Portal also known as the on-line application go to www.ApplyForKanCare.ks.gov and click on the hamburger or menu icon to the top left of the self-service portal landing page.
After clicking on the hamburger icon, the applicant will see the Useful Links tab open. Click on the link that says, “How To Use This Site.” It will then take the applicant to another page that will have the link to the Medical SSP Demos Vimeo page, where they can watch videos on how to use the Medical Consumer Self-Service Portal.
This is the first page of the paper application for the Elderly and Persons with Disabilities. Next, we will go through each section of the first page.
Who Can Use this Application?

This application is for elderly persons, persons with a disability, and families that include a child with a disability. If you are pregnant or your family does not include a child with a disability, use the Families with Children Medical Assistance Application.

This application is for individuals who are:

- Elderly (65 and older)

Or

- Persons with Disabilities (child or adult) - persons determined blind or disabled by Social Security (SSDI and/or SSI) or in the process of applying for a disability determination.

The Elderly and Persons with Disabilities Medical Assistance Application should be used if a person needing assistance is 65 years or older, has a disability, is blind, is in need of Home and Community Based Services, or in need of Nursing Facility Program or Institutional Care. Adults with children that do not meet any of the previously listed criteria should use the Families with Children Medical Assistance Application.

Clarification on Children under 19:
A child under 19 will use the Families with Children application if applying for regular Medicaid or CHIP. However, if they are applying for the Medically Needy program, Nursing Facility Program or Institution, or for an HCBS waiver program, they will use the Elderly and Persons with Disabilities application.

Note on Waiver Programs (and Proof of Pending Disability):
Adult applicants who are 18+ years of age, if not already on SSI/SSDI, must apply for SSI/SSDI if applying for any of the following HCBS Waivers: Brain Injury, Physical Disability or Intellectual/Developmental Disability.

Children under 18 do not have to apply for Social Security Disability (SS-DS), when applying for a waiver program.
The applicant must answer all questions to the best of their ability. This helps us at the KanCare Clearinghouse get the application processed faster. Unanswered questions may cause us to reach out for clarification which may cause delays in the processing of the application. If something does not apply to the applicant, do not leave it blank. Put N/A (not applicable) clearly so we know this does not have to be investigated further.

If the applicant has questions about anything on the application for the Elderly and Persons with Disabilities, call us at the KanCare Clearinghouse at 1-800-792-4884. We are happy to help.
Please remember to sign the application once you have filled it out. The application must be signed for it to be considered a valid application. We may have to reach out to the applicant to obtain your signature, potentially causing a delay in processing. We are not able to process an unsigned application.

Section M will explain this further.
A paper clip on the application indicates that the applicant may send in proof of what the applicant is reporting on the application. They do not have to send any proof at the time of their application. Getting the completed application turned in is the first priority.

We may reach out to the applicant for proof if they cannot obtain it on their own. Requests for additional documentation are done by mail.
Once completed, please mail the signed application to the KanCare Clearinghouse at the listed address. The applicant may also fax their application to 1-800-264-6285. It is best to keep a copy of the signed application for later reference.
If the applicant has any questions on how to answer a question or field on the application, please call us at 1-800-792-4884. Please inform us of the applicant’s most up-to-date contact information, including phone number and mailing address, so the Clearinghouse may contact them about their application.
