

KanCare General Information Fact Sheet

Selecting/Changing a Managed Care Organization

General Information

KanCare is the program through which the State of Kansas administers Medicaid. It was launched in January 2013. It delivers whole-person, integrated care to approximately 430,000 people across the state. Kansas contracts with three health plans or Managed Care Organizations (MCOs) which are: Aetna, Sunflower, and UnitedHealthCare.

Choosing the Right MCO

Things to think about before you make your choice:

- Talk to your family, friends, and doctor.
- Check with your providers to see which network(s) your providers are in; for example, see if your current primary care physician works with each MCO. If they do not work with all MCO's, it may make a difference in which one you choose as your MCO. You may also call each MCO to ask for a list of providers or you can find the information on their website (see below).
- Review the “extra” or “value added benefits” offered by each MCO on the Health Plan Highlights sheet or go to: www.kancare.ks.gov to view the [Value Added Benefits](#) in English and Spanish. Scroll down to the section “Health Plan Highlights” then to “Additional Value Added Service Information”.
 - These “extra services” are not the same for each MCO
 - See if any of the extra services are ones that may be helpful to your circumstances and consider that information when deciding about which MCO to choose.
 - These extra services may change each year; make sure you have the most current list.

Questions to ask before you make your choice:

- Which medical plan is my doctor in? (Check with all your doctors, hospital and other providers)
- Am I happy with the doctor I have right now?
- Do I have to wait long to get an appointment? Is the doctor's office open when I can go?
- Does the doctor speak my language or provide interpreters who do speak my

language?

- Is the doctor's office or clinic nearby? Is it easy to get to?

The Process of Selecting an MCO

MCO Selection at Initial Application:

- As a KanCare member, you have the option to enroll in the MCO of your choice. If you do not select an MCO, you will be **automatically assigned** and enrolled into an MCO.
- If you do not like your assignment, you have until the Choice Period End Date on the enrollment form to change plans. This date is 90 days from initial enrollment.
- If you choose not to change MCOs by that date, the next time you are able to change is usually during the Annual Open Enrollment.

covered by a different plan, or you can keep your same health plan.

- If you are not sure what your “open enrollment date” you will need to call the Managed Care Enrollment Center (1-866-305-5147; TTY 1-800-766-3777).
- If you are happy with your current health plan, you do not need to do anything at all; you will automatically be re-enrolled in your same plan.
- If you are NOT happy and want to change your current health plan, you will need to let the Managed Care Enrollment Center know by the following instructions in the enrollment packet
 - Enrollment packets should be received within 30 days before their one-year anniversary with KanCare.
 - If you did not receive an enrollment packet, contact the Managed Care Enrollment Center. (1-866-305-5147; TTY 1-800-766-3777)

Good Cause Reason to change enrollment

- Occasionally, someone will have a “good cause” reason that may allow them to change in the middle of the year:
 - You live in a nursing home that is no longer accepts your plan
 - You do not have access to covered services or providers
 - You need a certain medical treatment (specialist or specialty care) that is not available in your health plan

Additional enrollment-change information

- If you lose eligibility for more than 90 days, you can choose a new health plan when you come back to the program. If ineligibility lasts less than 90 days, you will be assigned back to your most recent MCO when you come back.
- When you have a new baby, the baby will be added on your KanCare coverage once you notify the KanCare Clearinghouse of the baby’s birth. If all your other children or family members have a different MCO, you can choose to have your baby on the MCO as you.
- Parents who adopt a child can change the child’s health plan when the child is legally adopted.

Note: Adding HCBS waiver services to your existing KanCare coverage does not allow you to choose a different MCO.
