

How to Calculate a Monthly Client Obligation/PACE Participation Obligation:

		INCOME
From Social Security:	\$ 851	
From Pension:	+ \$ 200	
Other Income:	+ \$ 0	
Mary's total monthly income:	\$1,051	

PROTECTED INCOME

For Client Obligations (and PACE Participation Obligations), the amount of the member's income that is "protected" (cannot be used toward medical costs) is:

Total Protected Income Level or PIL: **\$747**

Monthly Income – Protected Income = Monthly Client Obligation

\$1051 (Mary's total monthly income)
 - \$ 747 (protected income limit)
 \$ 304 is Mary's monthly Client Obligation (**BEFORE** any allowable expenses)

Allowable Expenses

Consumers may be able to reduce the amount they owe on their *Client Obligation (monthly premium)* by submitting "Allowable Expense" receipts to the KanCare Clearinghouse. These **allowable expenses** are **out-of-pocket medical costs (medically necessary) to the KanCare member, dependent spouse and/or other dependent family members.**

Allowable Expense:

- Medical expenses that Medicaid, Medicare and other health insurance does not cover. For ex: Health Insurance Premiums (including Medicare Premiums) or expenses prescribed by a physician that are not covered by insurance.
- **Contact your MCO or the KanCare Clearinghouse for guidance on what expenses are allowed to reduce the monthly costs of the client obligation. However, receipts must be submitted to the Clearinghouse (not to your MCO).**
- **Fax allowable expense receipts to the Clearinghouse:
1-844-264-6285 or 1-800-498-1255**

Monthly Income – Protected Income = Monthly Client Obligation

\$ 1051 (KanCare member's total monthly income)
 - \$ 747 (total protected income)
 - \$ 200 (Monthly BCBS Ins. Premium = Mary's allowable expense)
 \$ 104 is Mary's monthly Client Obligation (**AFTER** allowable expenses)
