

KC-7004 Countable/Exempt Income Chart

The purpose of this chart is to provide policy guidance for eligibility staff with regard to which KEES income types are countable or exempt for both Family Medical and Elderly and Disabled Medical programs. The Income Categories and Income Types below are listed exactly as they appear in KEES and are only entered when income is received. Situations which require special processes to correctly count or exempt income are called out with an asterisk (*). This version is effective 11-22-20.
