

## HAP Portal Updates

1. Signatures
  - a. Can give verbal consent
  - b. Example: NAME (verbal) and DATE
2. Member email not required
3. Made Goal # a link as well as the Goal description. Clicking on either will open the goal.
4. Made Goal description enabled if nothing was entered before save. Once goal is entered and saved, it cannot be edited.
5. If a Short Term Goal description is not entered then “Short Term Goal” will display for the description. This way partners can still access the short term goal and edit the description.
6. Added “N/A due to COVID-19” to the following under Physical Health. If box is checked then related data fields are disabled and are not required to submit HAP.
  - a. Height
  - b. Weight
  - c. BP
  - d. A1c
  - e. Cholesterol
  - f. Medication Reconciliation performed?
7. Added “Not Applicable” under Physical Health Assessing Provider Type. If selected, provider data fields are disabled and are not required to submit HAP.
