

**KDHE DIVISION OF HEALTH CARE FINANCE
MEDICAID TRAINING**

KDHE Division of Health Care Finance is offering five Medicaid Training courses beginning October 16, 2018. Due to limitations on our presenters' time, we will not be offering our regular 4-week Medicaid Training Session. However, we are offering 4 separate days. The courses in this curriculum provide an overview of Kansas Medicaid with the following courses; Introduction to Medicaid Managed Care; the Early Periodic Screening Diagnosis and Treatment (EPSDT) mandate; Working Healthy/Work (WH/WORK); Medicaid Codes & Claims; and Grievance, Appeals, & State Fair Hearings.

Registration is first-come, first served, and must be completed using the attached registration form.

All training sessions will be held at **Eisenhower State Office Building, 4th Floor Auditorium A, 700 SW Harrison, Topeka, KS 66603**. KDHE Medicaid Training includes many valuable resources. This is instructor led interactive training for any staff in any agency that deals with Medicaid (KanCare).

Introduction to Medicaid Managed Care, Codes & Claims, Working Healthy/WORK, and EPSDT courses are not intended for consumers or family members.

Grievance, Appeals, & State Fair Hearings course is open to consumers and family members of consumers. Please share Grievance, Appeals, & State Fair Hearings information with your consumers and family members of consumers.

MEDICAID TRAINING COURSES

Medicaid Codes and Claims*

Instructor: Kasey Sorell, Clinical Initiatives Nurse

1. Participants will develop a basic understanding of the types of healthcare codes, including:
 - a. What they are used for, and;
 - b. What entity produces and manages each code set.
2. Participants will be introduced to two basic healthcare claims forms and how they are used.
3. Participants will understand the basic information used to create a healthcare claim.
4. Participants will understand the limitations of data derived from healthcare claims.

*** This course is not intended to teach claims submission or billing.**

Kansas Medicaid Grievance, Appeals, & State Fair Hearings (G/A/SFH)

Instructor: Dorothy Noblit, Fair Hearings Manager

1. Participants will understand the process of initiating a Grievance, Appeal or State Fair Hearing request.
2. Participants will understand the basic requirements and timelines related to Grievance, Appeal or State Fair Hearing requests.
3. Participants will understand the responsibilities of the MCOs, the State of Kansas, providers and members related to Grievance, Appeal or State Fair Hearing requests.
4. Participants will understand upcoming changes (set to be implemented in 2018) will impact member's course of action. Including the new requirement to initiate an appeal.

Early Periodic Screening Diagnosis and Treatment (EPSDT) – Kan Be Healthy*

Instructor: Samantha Ferencik, Program Analyst and Sharon Johnson, Management Systems Analyst II

1. Participants will understand the federal requirements of the EPSDT mandate for participating states.
2. Participants will learn the services which are subject to the EPSDT mandate.
3. Participants will learn the periodicity schedule required for EPSDT coverage in Kansas.
4. Participants will understand the concept of medical necessity and other permissible limits on EPSDT-eligible services.

***This session is not designed to train anyone to complete a Kan Be Healthy screening.**

Working Healthy/WORK (WH/WORK)

Instructor: Mary Ellen Wright, Senior Manager-Working Healthy/WORK

1. Participants will understand an overview of the KS Medicaid Buy-In, Working Healthy.
2. Participants will understand an overview of WORK, the personal assistance program for Working Healthy.
3. Participants will understand the importance of employment for people with disabilities.

Introduction to Medicaid Managed Care

Instructor: Becky Ross, Medicaid Initiatives Coordinator

1. Participants will understand the advantages of Managed Care over Fee for Service.
2. Participants will learn how Managed Care rates are developed.
3. Participants will understand how responsibilities are divided between the State and the Managed Care Organization.
