KanCare Oversight**

KDADS Update

April 19, 2017

Waiting List: Current Efforts

IDD Waiting List

- 8,881 individuals on the HCBS IDD Program as of 3/31/2017
- Current number of individuals on the Waiting List is 3,775.
- 228 People have been offered services for CY 2017.
- Underserved wait list was eliminated in 2014.

PD Waiting List

- 5,979 individuals on the HCBS PD Program as of 3/31/2017
- Current number of individuals on the Waiting List is 1,004.
- 250 People have been offered services for CY 2017.
- The HCBS Monthly Summary is posted on the HCBS page at www.kdads.ks.gov

Request for Accountability of Waitlist

- Agency continues to hear anecdotal stories that people did not receive offers of service
- KDADS is trying to locate these individuals and encourage them contact us
- To date, we have not been contacted by anyone on waitlist who has not received services as expected when waitlist was cleared
- This not only a KDADS issue, this is a state issue that needs to be solved
- We want to partner with advocates and families in order to identify anyone not receiving services to be able to provide services to anyone who is eligible.

Autism Services:

Waiver Renewal:

- Recently submitted autism waiver renewal application
 - 63 currently receive services; more children will get services due to transfer of some autism waiver services to the State Plan under the new waiver
 - **Key Changes:**
 - Three behavioral services transferred from waiver to the State Plan
 - The goal is to work with families to provide the right plan of services and care
 - We expect a significant reduction in proposed recipient list
 - More children will receive early intervention Autism services
-

Serious Emotional Disturbance:

- **Waiver Renewal:**
- KDADS is working on the waiver renewal application for the SED waiver
- CMS has approved a 90-day extension 2016 due to concerns about conflict of interest.
 - Currently the CMHC provides all eligibility determinations, plan of care development, and provision of services.
 - CMS has said the CMHC cannot continue to perform all these tasks.
 - KDADS is working with CMS to determine specifically what CMS will require to address conflict of interest.

CARE Process

The Client Assessment and Referral Evaluation: CARE Process

CARE Process:

- Kansas' response to the federal Pre-Admissions Screening and Resident Review (PASRR) requirement for nursing facility admissions.
- Several types of PASRR documentation are used for admission to a nursing facility.
- Depending on the individual's needs, these are:
- A CARE assessment
- An emergency admission doctor's order
- A 30-day provisional admissions order
- An out-of-state admission order
- A terminal illness admission letter
- An resident review

The Client Assessment and Referral Evaluation: CARE Process

- **Strengthening and streamlining the KDADS CARE process**
- Management team convened
- Reviewed CARE program from top to bottom
- Simplified and improved processes
 - Added staff
 - Established a command center to let CARE staff focus on list, collaborate, work away from phones
 - Made changes to IT system for both KDADS and KDHE side of system
 - Created centralized email inbox for information coming to the CARE program
 - Set up an electronic Fax that feeds directly into the newly created centralized CARE email address
 - Email inbox accessed and monitored by Commissioner and multiple CARE staff
 - Daily tallies

The Client Assessment and Referral Evaluation: CARE Process

Additional education and information provided to nursing facilities

- Sent instructional letter to all nursing facilities
- Updated one-pager with directions for nursing facilities; lists all information needed for KDADS CARE program (CARE, 30 day, terminal illness, emergency admit)
- Created video to train nursing facility staff in CARE processes and requirements
 - New system is reducing CARE Inquiry List by about 100 per week
 - Those on CARE Inquiry List have all been reviewed by CARE staff
 - Bottlenecks
- Waiting on additional information from nursing facilities, ADRC, hospitals; fewer than 400 cases
- A few are waiting on Level II screening to occur; an additional RN is working on these cases
